MATCH 110

WHEEL ASSEMBLY

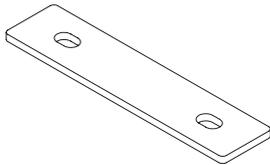

PARTS LIST

W1
Left Wheel (2x)

W2
Right Wheel (2x)

W3
Wheel Bracket (4x)

A1
M10x30 (8x)

A2
M10 (8x)

WARNING INFORMATION

1. Read through the instruction manual thoroughly before assembling the wheels onto the goal frame
2. Check parts for any defects prior to assembling onto the goal frame
3. Risk of injury if the wheels are used without due care or appropriate due diligence. Use with caution
4. Never use the wheels for any other purpose other than the usage highlighted in this instruction manual
5. Ensure the wheels are checked for signs of damage prior to installation. Do not use if any damage is visible
6. Ensure the wheels are operated by an adult
7. Ensure the wheels are retracted and the goal frame sits on the ground when goal frame is in use i.e. when not being wheeled around
8. Ensure all fasteners provided are used and tightened appropriately prior to using the wheels

1 Year Manufacturer Warranty:

Register your 2 yr warranty within 15 days of purchase

What your warranty covers?

Replacement parts within two years of your purchase date.

In accordance to the warranty guidelines above, failure to follow the methods of disassemble, use and storage will void your two year manufacturer warranty.

Warranty exclusions

- Accidental damage
- Misuse and abuse of product
- Lost merchandise
- Failure to properly care for your product

This excludes products which are clearly marketed as all weather products which are designed to be left outside assembled. Please read the website description for further details.

Should you wish to make a warranty claim please contact customer service with the required details. Please provide the following:

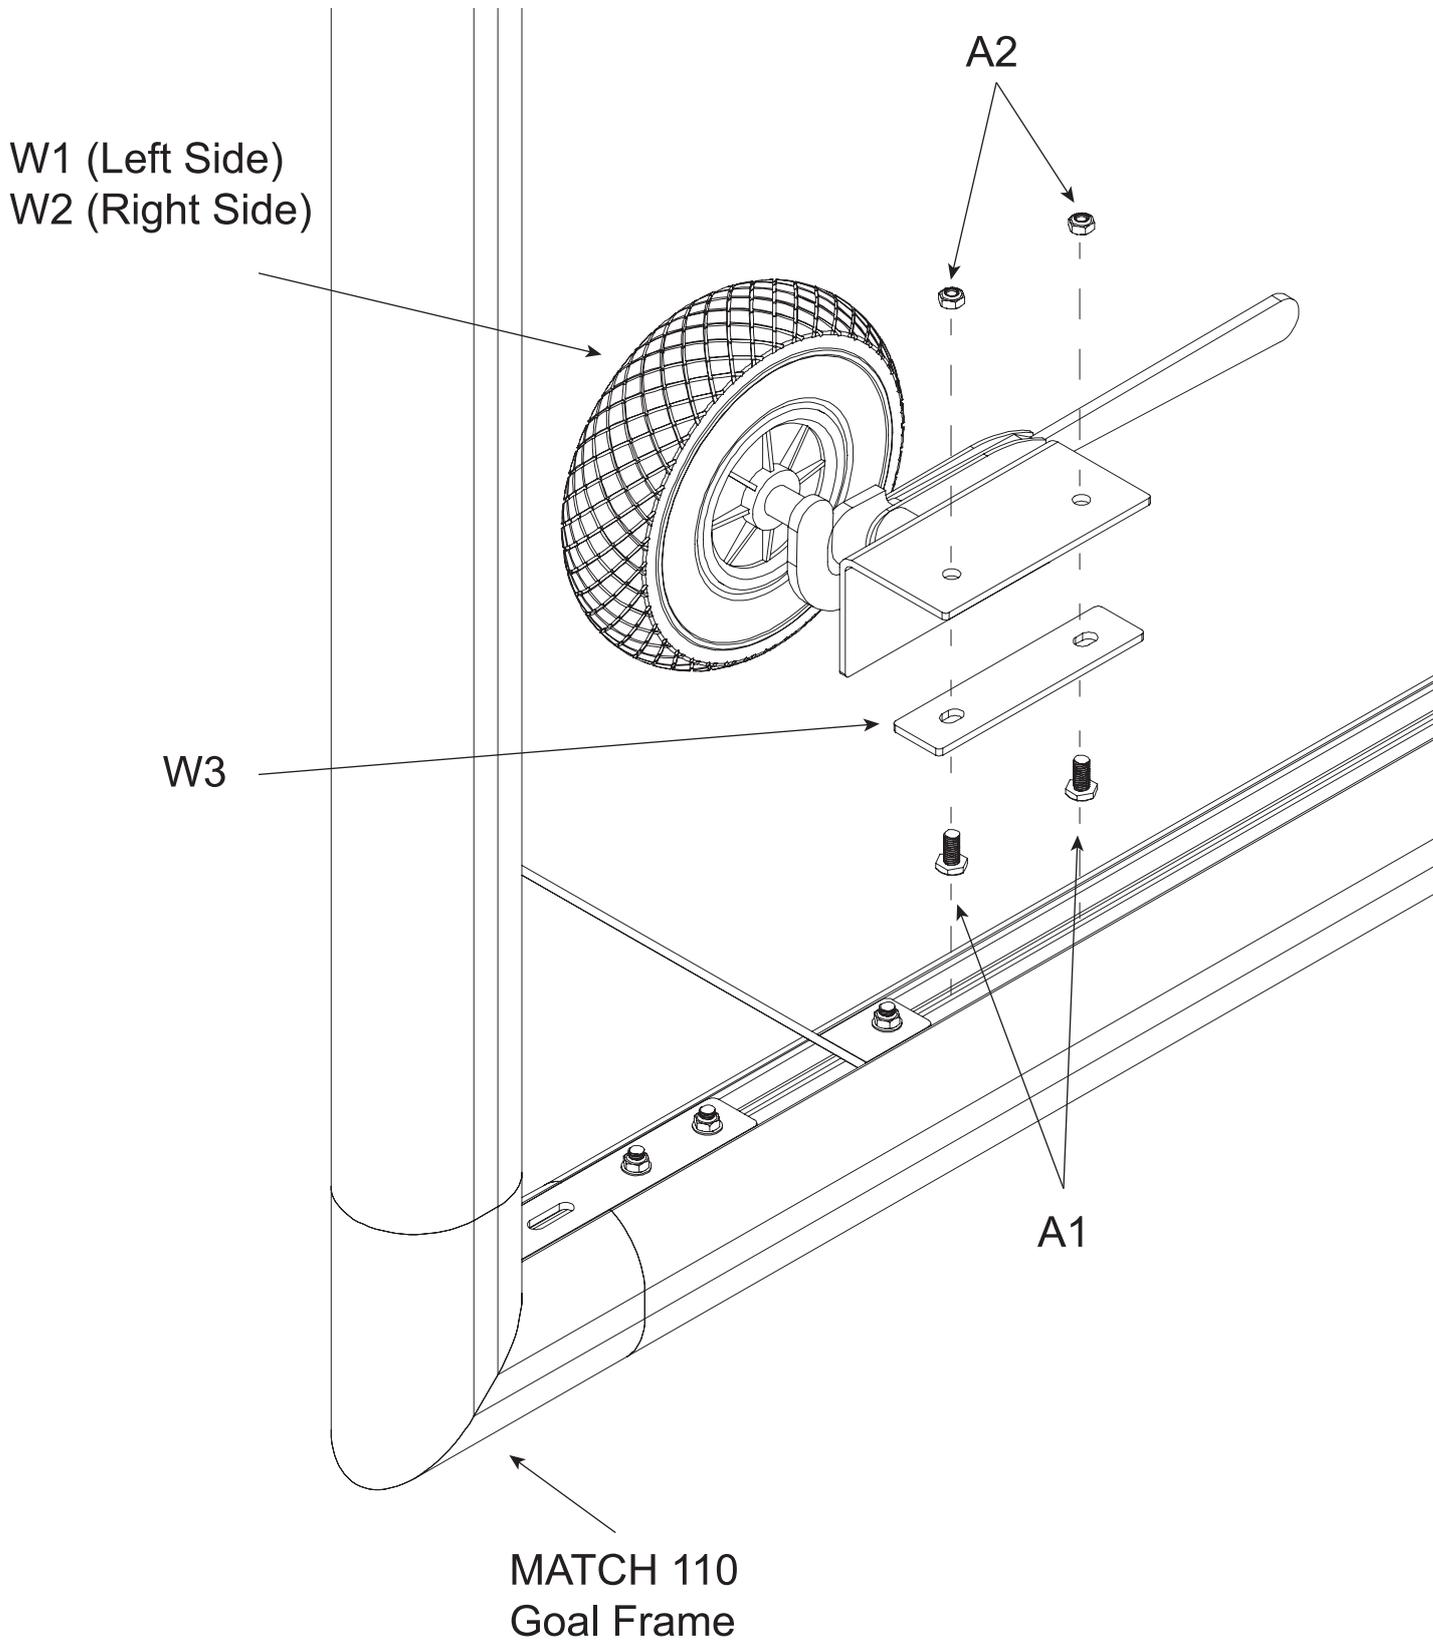

1. Order number
2. Name and full address details
3. Pictures of the fault with a brief description of the problem

STEP 01 - Slide 2x A1 bolts per wheel, into the side base bars using the access slots shown

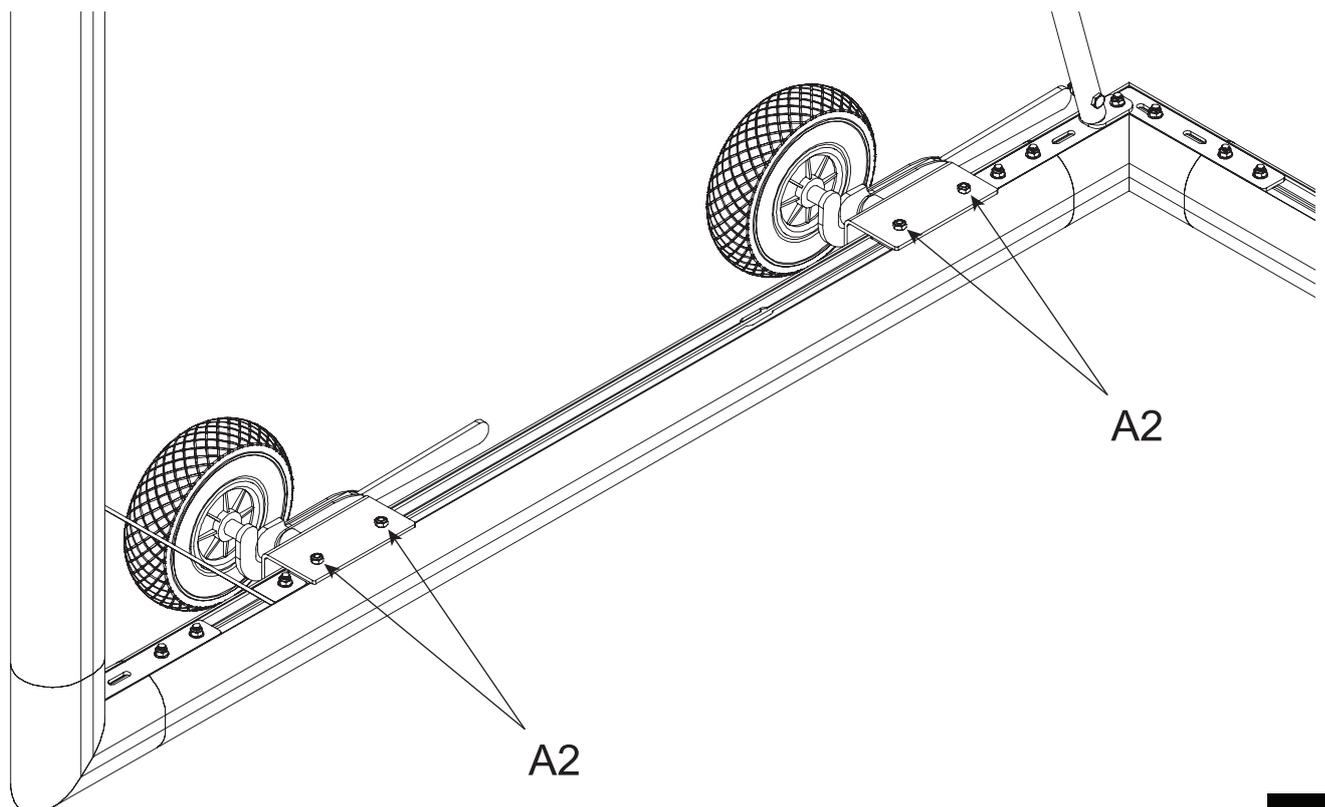

STEP 02 - Insert 1x W3 bracket over each pair of A1 bolts & slide the brackets as far apart from each other on the base bar

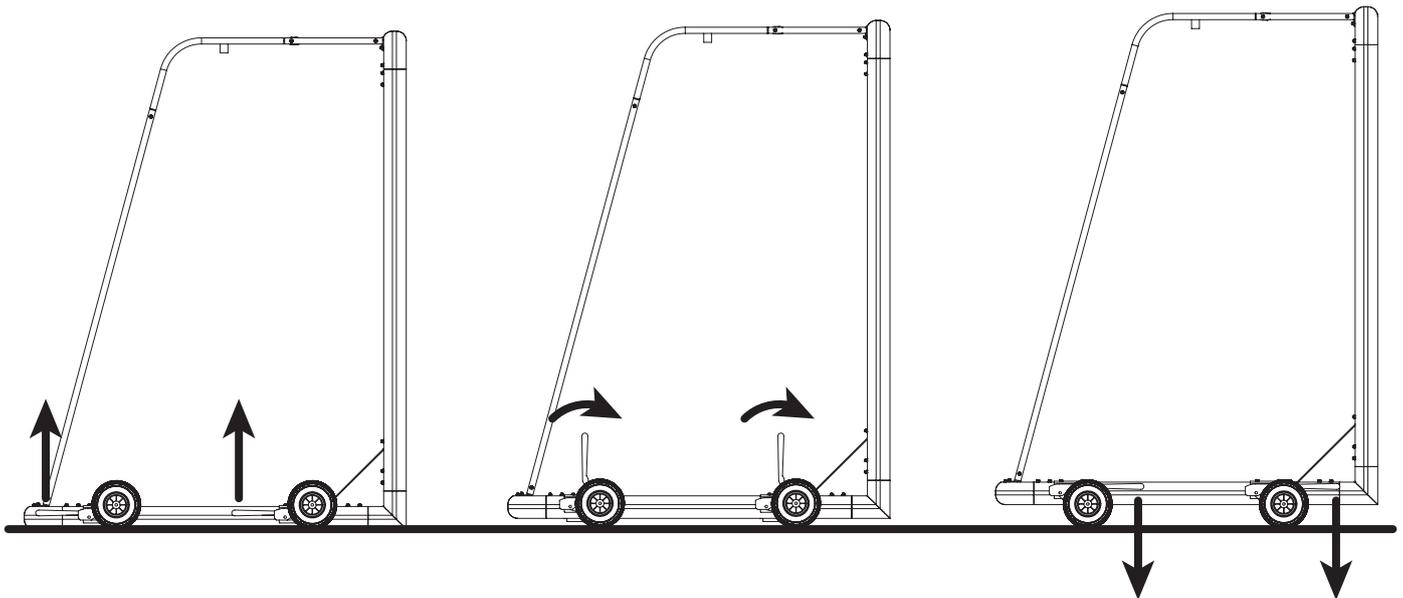

STEP 03 - Insert W1 (Left side wheels) over W3 bracket & A1 bolts.
Secure W1 wheels in position using 2x A2 nuts per wheel.

STEP 04 - Fully tighten A2 nuts securing the W1 wheels in position.
The **LEFT SIDE WHEELS** (W1) are now fully installed.
Perform steps 01 to 04 on the right side of the goal with W2 wheels.

RAISING THE GOAL FRAME FROM THE GROUND

01. Lift lever handles

02. Lift lever handles over the top of the wheels

03. Lower the levers to the opposite side of the wheels

IMPORTANT:

01. Ensure the levers are locked down **'horizontally'** & **pointing towards the front of the goal frame** before wheeling it around

02. Ensure the levers are locked down **'horizontally'**, **pointing towards the rear of the goal frame** & the goal is resting on the ground before anchoring

03. If adjusting the levers alone, do not attempt to adjust multiple levers at once.
