WARNINGS

1. This is not a toy. This is sports equipment. Adult supervision required at all times.
2. To be used on a flat surface.
3. Check the light is fully assembled and secured to the rebounder before use.
4. Store indoors after use. Do not leave outdoors in adverse weather conditions.
5. Regularly check for wear and tear. Stop using if any part of it breaks. Failure to do this may result in injury.
6. Keep away from heat sources.
7. Ensure charging port cover is in place before use.
8. This product contains a lithium Ion battery. Avoid charging the device in temperatures above 35°C or in direct sunlight, for prolonged period of time.
9. Charge only with 5V 1A charger (e.g. laptop USB port). Do not use fast chargers or power adapters above 5V 1A.
10. Photosensitivity and Seizure Risk. This device may produce flashing lights or rapid colour changes, which could trigger seizures in individuals with photosensitive epilepsy.
11. Do not attempt to modify the device, use the charging cable provided.
12. Do not use the charger outdoors or expose the charger to rain or moisture.
13. Switch off after use.
14. Dispose correctly: follow local regulations for disposing of electronic devices and batteries. Do not dispose of with household waste.
15. WARNING: Contains small parts that may pose a choking hazard.

1 YEAR PARTS WARRANTY AS STANDARD:

This product must be stored inside and in a dry place after use or the warranty is no longer valid. Any sign of misuse will void product warranty.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
